GENERAL SHELTER NOTES

- All Storm shelters may come from multiple manufacturers depending on model and availability. All are fully compliant with FEMA storm shelter standards. Dimensions and quality will be consistent. However, there may be slight differences in the aesthetics i.e. look of the door, air vents, etc.
- Survivor Shelters reserves the right to change pricing at any time due to changes in material costs, delivery and installation costs, or changes in the industry.

DELIVERY & INSTALLATION NOTES

- Taxes are based upon the delivery address.
- See Survivor Shelters contract for full details.

PATRIOT STEEL SAFE ROOM NOTES:

- Patriot Steel Safe Rooms come in standard and custom-size options. We can build any dimension needed at reasonable pricing.
- Patriot Steel Safe Rooms are above ground and are equipped with a security door.
- Safe rooms have a higher capacity than underground shelters due to not having to allow room for steps.
- Steel safe rooms are primer painted either white or gray.
- Patriot Steel Safe Rooms are custom-built with a standard height of 6'4". However, they can go up to 7' on most shelters for no additional cost.
- Custom options are available for the Patriot Steel Saferoom but may cost more or take more time to install.
- For options including custom height, outswing doors, etc., contact Survivor Shelters.
